PROFILE

Experienced web developer with 6+ years, 200+ projects. Mastery in web development, UI, testing, and performance optimization for exceptional web solutions!

EXPERIENCE

Front End Developer, Azinova Infotech

Kochi

Oct 2021 — Current

Develop & Maintain: Create and oversee WordPress, HTML, and Shopify websites, with a primary focus on implementing coding and security best practices.

Enhancing and Refining: Continuously elevate existing WordPress websites to ensure optimal performance and an exceptional user experience.

Technical Troubleshooting: Identify and resolve technical issues swiftly, guaranteeing smooth website operation.

Optimizing for Speed: Enhance website and application performance to achieve maximum speed and efficiency.

Collaboration for Usability: Partner closely with backend developers, graphic designers, and UI/UX designers to elevate user usability.

Mobile Optimization: Assure web designs are mobile-friendly and seamlessly responsive for smartphones.

Cross-Browser Compatibility: Validate compatibility across various web browsers to ensure a consistently outstanding user experience.

Staying Current: Remain up-to-date with evolving web trends and technologies to maintain competitiveness and innovation.

Documentation and Collaboration: Develop comprehensive documentation and foster effective collaboration within the team to streamline project workflow.

Web Developer, Wishtree Infosolutions

Kochi

Sep 2020 — Sep 2021

- **Website and Web Application Development:** Proficiently design and develop websites and web apps from scratch.
- **Design Support:** Provide design support by assisting senior team members in creating website and app designs.
- **User Feedback Integration:** Integrate valuable user feedback as a fundamental part of the development process to drive ongoing improvements to client sites and applications.
- **Collaboration and Learning:** Actively collaborate with senior team members, seek guidance, and continually enhance skills.
- **Mobile Optimization:** Optimize for mobile devices, ensuring seamless functionality on smartphones through responsive design.
- **Staying Informed:** Stay informed and updated on industry trends and technologies to proactively drive ongoing improvement.

Wordpress Developer, Technify Solutions

Kollam

Aug 2017 — Jul 2020

Web Design Collaboration: Spearheaded effective collaboration on HTML and Bootstrap-based designs, guaranteeing brand alignment and fostering seamless teamwork with developers and designers.

Creative Input: Injected innovative ideas to elevate user experiences and enhance visual appeal during design brainstorming sessions.

Quality Assurance: Executed rigorous testing and promptly resolved issues, optimizing interfaces for peak performance and maximum usability.

Documentation Management: Established and regularly maintained detailed design records to facilitate efficient team collaboration and meticulous asset organization.

Continuous Learning: Proactively pursued industry trends and technologies, elevating design skills through participation in workshops and active engagement in online communities.
